

Press Release – For Immediate Release

**AlphaNorth 2012 Flow-Through Limited Partnership
completes rollover into AlphaNorth Resource Fund**

TORONTO – December 9, 2013 – AlphaNorth 2012 Flow-Through Limited Partnership (the “Partnership”) is pleased to announce that effective December 6, 2013, it has completed the transfer of all of the assets of the Partnership to the AlphaNorth Resource Fund (the “Resource Fund”), a class of shares of AlphaNorth Mutual Funds Limited. The transfer was completed in exchange for series B shares (ANF040) of the Resource Fund on a tax-deferred basis.

Each limited partner received 0.286229 Resource Fund shares for each Partnership unit held.

AlphaNorth Resource Fund

The Resource Fund, a class of AlphaNorth Mutual Funds Ltd., is an open-ended mutual fund available on FundSERV for purchase through Series A (ANF020) and Series F (ANF021) for fee based accounts. Please note the rollover transfer was completed in exchange for series B shares (ANF040). The Resource Fund seeks to generate strong returns by investing in Canadian resource companies that offer attractive risk-reward characteristics. In order to accomplish this objective the fund will focus primarily on Canadian junior and intermediate resource companies, however, up to 25% of the fund may be invested in foreign markets.

“The past 2 years have been admittedly challenging periods for the Canadian equity resource market. We’ve been busy behind the scenes taking advantage of extremely attractive and undervalued opportunities. We are well positioned to participate in what will likely be a dramatic comeback for Canadian small cap equities from current levels. After a 35% decline, we believe the TSX-V bottomed out in June 2013 and our mutual fund investors will participate in the long-term small-cap equity returns that AlphaNorth is known for.” The Manager supports the view that small cap equities are the best performing asset class over the long-term, particularly following a period of significant decline as was the case in 2011 and 2012.

AlphaNorth Mutual Funds Limited

AlphaNorth Mutual Funds Ltd., also includes the AlphaNorth Growth Fund, available on FundSERV through Series A (ANF010) and Series F (ANF011). The multiple class structure of AlphaNorth Mutual Funds Ltd., allows investors to switch between the AlphaNorth Funds on a tax-deferred basis and reposition their investment portfolio to meet their individual investment requirements. **Tax liabilities incurred through capital gains may be deferred by remaining invested in the Resource Fund or Growth Fund.**

Manager and Portfolio advisor

The Manager, led by Chief Executive Officer, Steven Palmer, provides investment advisory and portfolio management services and directs the day-to-day business operation and affairs of the Resource Fund. The Manager also manages the AlphaNorth Growth Fund, and the AlphaNorth Partners Fund. The AlphaNorth Partners Fund Inc., is a long biased small cap small cap hedge fund focusing primarily on Canadian companies, including resource companies. The AlphaNorth Partners Fund was awarded Best Performance over the prior three year period at the 2012 and 2011 Canadian Hedge Fund Awards.
